

Social Responsibility (SR) Recipe Title: Health Care Ethics

Name: Dr. Anthony Edwards

Institution: Tarleton State University

Course in Which You Incorporated Social Responsibility: HPTC 4204 - Health Care Management

Description of (SR) Assignment: This assignment allows students to evaluate a case study in an online course. Students are provided a case study in each learning module where they have to use ethical principles to evaluate a case and answer questions about how they would respond in the situation. Students also have to respond to three other students' case study evaluations.

Items Needed: Learning management system, internet access, computer or mobile device, textbook

Time Needed: Students are typically provided one week to submit a response and provide three comments.

Ideas for Assessing the Assignment: I assess the exam using a rubric that rates the students' connection of the learning outcomes to the case and interaction with classmates.
